Introduction

FunCakes is like your **best buddy** who likes baking as much as you do. The one you talk non-stop about baking with, who enjoys a piece cake like you do and who always inspires you with new ideas. It's also the one you call when your buttercream keeps on separating or your cake collapses. We are like your best baking buddy, because we started just like you did.

On the basis of our brand are owners who love baking as much as you do. FunCakes was created 2009 out of their search for **baking products of professional quality** for home bakers like themselves. Cause why should we be limited to basic products in our own kitchens?

We love to keep trying new things. So we mix and match our own products into new, surprising combinations. We hope you do the same. Cause by adding your own creative touch to our products, cakes become really special.

We develop baking mixes for cakes that are super tasty and of **perfect texture**, but still really easy to prepare with just butter, eggs or water. These can be combined with our toppings and filling to which you can also add one of our flavourings and colourings to really make it your cake.

Just as much as we **love baking**, we love cake decorating. So you will also find a rainbow of sugar paste and marzipan colours, many sprinkles and happy sugar decorations to finalize your cake! We keep on adding new products based on trends and new developments, so check out our complete assortment.

FunCakes is based in Amsterdam, The Netherlands, but you will find our products everywhere in Europe, mainly in cake decorating stores, several store chains and of course online!

CakeSupplies is our exclusive distribution partner. All our products are shipped from their warehouse in Amsterdam, The Netherlands. If you are interested in becoming a FunCakes reseller, please contact CakeSupplies.

Marketing & Instorematerial

Marketing and instore material are essential to pull customers into your store, inspire them with baking ideas and to put products in the spotlight. We therefore continuously create instore material for the retail such as logo signs, cubes, poster sets, flyers, post cards, tent cards and wobblers.

Basic assortment

Selecting a **basic assortment** out of a range of 1000 products isn't particularly easy. Pick the essential baking products out of the most important product groups such as baking mixes, fillings, sugar paste, marzipan, colourings, flavourings, Deco Melts, decorations and sprinkles. Together these product groups form a beautiful basic assortment from which you can build further. Our sales managers are happy to assist you on **choosing your assortment** and our professional build planograms will give you a great idea of what FunCakes looks like in your shop and how the shelves can be build up **the best way**.

Calculate your ingredients

Quantity calculator

On our website you can find a quantity calculator. **No more complicated calculations** to determine the right quantities for your baking pan. In our calculator you can easily choose your baking mix and the shape and size of your baking pan. The calculator does the rest! This way you are always sure of the **right amount of batter**. Zero waste and no cakes that are too flat.

The calculator also tells you how many portions you get from your chosen size baking pan. Comes in handy if you have the whole family visiting. Because there should always be enough cake, right?

How to use the calculator?

- First choose your FunCakes Baking Mix from the dropdown menu.
- Then pick the shape of your baking pan and fill in the correct measurements.
- The calculator does the rest.
- You can also find the calculator on every product page of the specific baking mix. There you will also find the preparation method & recipe inspiration.

QR codes

On all our baking mixes you can find QR codes. Scan the QR code on the packaging to view the preparation method of that product in English, Dutch, French, German, Spanish and Italian. You can also find some delicious recipes with that specific baking mix on this page.

Baking Mixes

A cake with perfectly **straight edges** and a colourful drip or a nicely even cupcake with a high swirl on top. Who said you couldn't create that yourself? Just take a little helping hand with a FunCakes baking mix for every treat. All you need to do is add butter, eggs and water. And enjoy the fun of course! Of licking the spoon with batter (we all do that right?), the **sweet smells that fill your home**, that creative flow you reach while decorating and that that first bite… Heaven!

Gluten Free Mixes

With our gluten free range home bakers can prepare all of the FunCakes must-have mixes completely gluten free. These baking mixes are produced in a **gluten free facility**, which mens we can guarantee that the mixes contain less than 20mg / 20ppm gluten per kg. Most people with coeliac disease or gluten sensitivity will not get any symptoms with this low quantity. Therefore anyone who follows a strict **gluten free diet** can enjoy the safe baking mixes from FunCakes.

Toppings & Fillings

Think of cakes, cupcakes, macarons, donuts and pastries without the filling and what's left is much less interesting. Sure, we love a nice cupcakes. But the **topping of buttercream** or Enchanted Cream® is what makes it so good. And what's a red velvet cake without frosting or petit fours without a nice layer of jam in the middle?

Exactly. Boring, unsatisfying, a bit so-so. Yes, disappointing we might even say. It's not what you as a home baker gets you in your kitchen. What makes you to preheat your oven and get that mixer running. No need to explain. That's why FunCakes has these pages full of mixes for the most **addictive cake fillings and toppings**.

Sugar Paste Colour of the Year 2023

Cakes are often baked for a **moment of love**. A wedding. An engagement. A good divorce. A 25-year wedding anniversary. A birthday. Your secret Valentine. The love between you... **and your honey!**

FunCakes has combined these findings in trend colours and love for cake in the **Sugar Paste Colour of the Year!** Honey Gold is a **warm, greyish shade of yellow**. Yellow is a cheerful, sunny colour that exudes optimism. The **greyish tint** of Honey Gold gives the colour calmth. Honey is ofcourse linked to the bee. The honey bee symbolises **rebirth, order and organisation**. Honey is sweet, a taste we associate with **softness and positivity**. So the colour Honey Gold brings together a range of qualities we yearn for after the Corona period.

Sugar Paste & Marzipan

Flexible and elastic. That characterizes our sugar paste and marzipan. Thanks to a rainbow of available colours, cakes can get every desirable colour and very refined decorations can be made. And apart from the regular fondants in vanilla flavour, FunCakes also has a **range of flavoured sugar paste**. Our advice is to try and taste those beautifully decorated figures, cause they sure are more than just good looking.

Gum Paste & Modelling Paste

Have you figured out working with fondant and are you ready for a more challenging decorating project? For example by adding more detail to your **modelling work** and by creating more refined shapes and textures? Than it's time to get yourself the FunCakes Modelling or Gum Paste. Both pastes are **stronger than fondant**, allowing you to work in more detail and roll out even thinner. But for which project do you use which paste?

Deco Melts

One of our most versatile products, the FunCakes Deco Melts. Melt and pour them into any desired shape. Equally popular with experienced home bakers as with their little ones. Cause for you it means awesome **drip cakes** and cupcake decorations, while your kids have fun making **lollipops and sweets**. Isn't that just the best? Getting rid of all those screens for a while and enjoy some creativity together.

Melt the Deco Melts shortly in the microwave or au bain-marie and you're ready. Fill some decorating bags with the soft melts and **pipe figures or disks** on parchment paper. And now that the melts are still soft and wet, quickly add some nice sprinkles on top for that ultimate happy feeling.

Chocolate

Can you be a baking lover without being a **chocolate addict** or the other way around? We don't think so. At FunCakes, we can't imagine a baking world without chocolate, so let's not even try to think about that. Find here the best chocolate for all of your baking recipes. Made from **real Belgian chocolate**. Cause when you've been in the kitchen for hours working on that fine piece of art, you're not settling for anything but the best.

FunCakes Chocolate Melts to **easily melt chocolate** in the microwave or au bain-marie. Use our melting chocolate to make your own bonbons, chocolate decorations or a drizzle or drip on cakes and cupcakes. Or dip fresh strawberries in the melted chocolate!

Sprinkles

The house has that delicious smell of home made cupcakes and little children's eyes grow by the sight of those delicious creams on top. But hold your horses here guys, cause your cupcakes can't be served without that **last pinch of happiness**. And when all those fun sprinkles get on the table, even the smallest kids suddenly know to be patient. So open those pink jars and start sprinkling! Do you go for little nonpareils, colourful confetti or stylish sugar pearls? And the kids? There are choosing the **Sprinkle Medleys** with little dinosaurs, unicorns, crowns and butterflies in it. And we get that. Cause decorating cupcakes, has forever been the most fun of all, right?

Colourings

Bright colours or soft pastels. Having fun experimenting to find that perfect tint. It makes us so happy, we decided to develop a very wide range of **colouring products**. One of our happiest babies, bringing you not only food colourings, but also food pens, dust powders, paint and sprays.

You know us, we love it when you blend our products with your own creativity! So as with everything from the FunCakes range, don't by scared to **mix and match all you like**! Create your own unique colours by mixing different gels or paste colours.

Flavourings

Have you worked with the FunCakes flavour pastes before? If you have a few basic mixes and some FunCakes **food flavourings** at your disposal, you are always good to go. Unexpected visitors? Not a problem for you, girl! Add a fresh fruity flavour, soft nut flavour or deep coffee flavour to your natural bavarois, Enchanted Cream® or Buttercream and nobody will notice you served this before.

Ingredients

Let your sponge cake rise a little more with one of the **baking powders** of FunCakes. Do you want to bind something? Then use the FunCakes **gelatin powder**. Strengthen your mousse, cream or fruit jelly with the Halal-certified gelatin powder or with agar agar. Besides a wide range of baking powders, FunCakes also has citric acid, to preserve your products for a longer period of time.

Materials

Who doesn't know how to ski after years of practice, always burns his eggs or makes unsharp pictures all of time, might blame it on the **material**. Something everyone around him laughs about, but in fact it's not complete nonsense. We wouldn't dare to say that good ski's will automatically make you a good skier or that it's impossible to burn things in a good frying pan, but good quality material sure does make a **huge difference**. And that surely also applies to baking.

Seasonal Range

For the biggest national holidays we annually launch a **new seasonal assortment**. Cause baking is all about creating those tasty and **special moments together** with loved ones, and when do we love to do so more than during Easter, Halloween and Christmas? Our seasonal assortments keep your range up-to-date and your customers surprised.
